97. No petition for any Private Bill shall be received by the House after the first 10 days of each Session, nor may any Private Bill be presented to the House after the first three weeks of each Session, nor may any report of any Standing or Select Committee upon a Private Bill be received after the first four weeks of each Session, and no motion for the suspension or modification of this Standing Order shall be entertained by the House until the same has been reported on by the Committee on Standing Orders, or after reference made thereof at a previous sitting of the House to the Standing Committees charged with the consideration of Private Bills, who shall report thereon to the House. And if this rule shall be suspended or modified as aforesaid, the promoters of any Private Bill which is presented after the time hereinbefore limited, or for which the petition has been received after the time hereinbefore limited, shall in either case pay double the fees required in respect of such Bill by this rule, unless the House shall order to the contrary.

98. (1) Any person seeking to obtain any Private Bill shall deposit with the Clerk of the House, eight clear days before the opening of the Session.

- (a) a printed copy of such Bill;
- (b) a copy of the petition to be presented to the House;
- (c) copies of the notices published, with publication proved by a statutory declaration or affidavit to the satisfaction of the Clerk of the House.

(2) At the time of depositing the Bill and petition the applicant shall also pay to the Clerk of the House the sum of \$300.

(3) If a copy of the Bill, petition, and notices proved as aforesaid shall not have been so deposited in the hands of the Clerk of the House at least eight clear days before the opening of the Session or if the petition has not been presented to the House within the first 10 days of the Session, the amount to be paid to the Clerk shall be \$600. If the Bill shall not pass second reading, one-half of the fees shall be returned.

100. (1) All applications to the Legislative Assembly for Private Bills of any nature whatsoever shall require the publication of a notice clearly and distinctly specifying the nature and object of the application, and when the application refers to any proposed work, indicating sufficiently the location of the work, to be signed by or on behalf of the applicant.

(2) Such notice shall be published in *The British Columbia Gazette* and once a week in one leading daily newspaper freely circulating in all parts of the Province. The notice in such newspaper to appear on Wednesday of each week.

(3) When the proposed Bill is of such a nature that it may particularly affect one or more electoral districts, the notice shall furthermore be published once a week if possible in some newspaper in every electoral district affected, or if there be no newspaper published therein, then in a newspaper published in the electoral district nearest thereto.

(4) The publication of such notice shall in all cases be continued for a period of four weeks during the interval of time between the close of the next preceding Session and the consideration of the petition.

101. Every petition signed by an agent or attorney in fact shall be accompanied by the authority of such agent or attorney in fact, and the petition shall not be deemed to be filed with the Clerk until this is done.

102. Before any petition praying for leave to bring in a Private Bill for the erection of a toll bridge is received by the House, the person or persons intending to petition for such Bill shall, upon giving the notice prescribed by Standing Order 100, also at the same time and in the same manner give notice of the rates which they intend to ask, the extent of the privilege, the height of the arches, the interval between the abutments or piers for the passage of rafts or vessels, and mentioning also whether they intend to erect a drawbridge or not, and the dimensions of the same.

103. (1) All Private Bills for Acts of incorporation shall be so framed as to incorporate by reference to the causes of the general Acts relating to the details to be provided for by such Bills: Special grounds shall be established for any proposed departure from this principle, or for the introduction of other provisions as to such details, and a note shall be appended to the Bill indicating the provisions thereof in which the general Act is proposed to be departed from. Bills which are not framed in accordance with this Standing Order shall be recast by the promoters and reprinted at their expense before any Committee passes upon the clauses.

(2) Every Bill for an Act of incorporation, where a form of model Bill has been adopted, shall be drawn in accordance with the model Bill (copies of model Bills may be obtained from the Clerk of the House). Any provisions contained in any such Bill which are not in accord with the model Bill shall be inserted between brackets or underlined, and shall be so printed.

(3) Any exceptional provisions that it may be proposed to insert in any Bill shall be clearly specified in the notice of application for same.

107. All Private Bills shall be prepared by the parties applying for the same, and printed in small-pica type, 26 ems by 50 ems, on good paper, in imperial octavo form, each page when folded measuring 10 $\frac{1}{4}$ inches by 7 $\frac{1}{2}$ inches. APPLICATION FOR AMENDMENT OF POLLUTION CONTROL PER- MIT 399-P

Preamble—The City of Kamloops has applied to the Pollution Control Branch of the Ministry of the Environment for permission to increase the permissible average daily volume of discharge to the Thompson River and to improve the quality of the effluent to meet or surpass the Municipal Objectives for Sewage Treatment.

Test results on phosphorus removal show that the municipal treatment objectives can be exceeded if the select drawdown technique is utilized. The city would prefer to utilize this technique to achieve the greatest possible reduction in phosphorus entering the river system during low winter flows.

THIS APPLICATION is to be filed with the Director, Pollution Control Branch, Parliament Buildings, Victoria, B.C. Any person who qualifies as an objector under section 13 (2) or (3) of the *Pollution Control Act* may, within 30 days of the date of application, or within 30 days of the date of publication in *The British Columbia Gazette* or in a newspaper, or, where service is required, within 30 days of the serving of a copy of the application, file with the Director an objection in writing to the granting of a permit, stating the manner in which he is affected. Those who do not so qualify may file with the Pollution Control Board an objection in writing under section 13 (6), in the same manner and time period as described above.

The Corporation of the City of Kamloops, of 7 Victoria Street West, Kamloops, B.C., hereby applies for amendment, as described below, to Pollution Control Permit 399-P, granted on April 23, 1971.

To increase the permissible quantity of effluent to be discharged annually to the Thompson River to a maximum average of 7,500,000 imperial gallons a day (32 000 m³) and to allow for short periods of discharge at a rate up to 15,000,000 imperial gallons a day (64 000 m³) on a seasonal basis to improve the quality of discharge by reducing concentration of BOD, suspended solids, and phosphorus.

To amend the permit face by deleting the words "(b) an average of 3,750,000 gallons per day; (c) an average of suspended solids, 65 ppm; BOD, 50 ppm; (d) the B.C. Fruitlands Irrigation District and the Village of Valleyview" and substituting therefor the words "a maximum annual average discharge of 32 000 cubic metres a day, with an absolute daily discharge limit of 64 000 cubic metres a

day; an average of 45 mg/L of BOD, 60 mg/L of suspended solids, and 1.5 mg/L of phosphorus".

The purpose of the foregoing amendment is to change the volume and composition of effluent entering the river from the aerobic sewage lagoons operated by the City of Kamloops. The amount of effluent reflects the volume currently treated by the lagoons and future areas to be seweried. The improvement in quality of effluent reflects the introduction of tertiary treatment (phosphorus removal) to the treatment process.

I, J. P. Logelin, hereby certify that Thompson-Nicola Regional District has received a copy of the above application.

This application, dated on September 22, 1977, was posted on the ground in accordance with the Pollution Control Regulations.
